made of wood. The high price of rags com pelled it "to take to the timber," literally, and is well pleased with the result. The paper is soft and firm, with a smooth and clean surface and admirably fitted for newspaper work.

The Bebel Stramer Gvieto. Captain Semmes, of the Alabama, must look o his laurels, as the business character of the operations of the Ovisto, since she left Mobile rove that Captain Maffitt is industrious. The lay after her escape she sunk the brig Estelle Boston, laden with sugar and molasses, and t is now supposed the United States steamer latteras was sunk by the Ovieto instead of the Alabama. The description of the rig of the vessel that sank the Hatteras, as given by a coat's crew of the latter picked up by the Brockcorresponds with the rig of the Ovieto.

With these two rebel privateers in the gulf our commerce is closed, unless we send a convoy with each vessel. The Ovieto, in her escape from Mobile, proved her sailing qualities, running the gunboats that chased her out of sight in a few hours. The officers of the blockading were vigilant and did all they could to prevent her escape. She could run two miles while any of our vessels or gunboats of the squadron were running one. That is the reason why she was ot captured. The reason the Alabama has not een captured is that her speed renders it optional with Semmes to fight or run, and if he

runs we cannot catch him The Secretary of the Navy seems to be the nly person in the country who does not know that the Aiabama can only be caught by vessels of greater speed. The Vanderbils is the and she is the only one that Semmes apprehends

We have a navy of 380 vessels, and claim e-eminence in shipbuilding, yet one robel pri-Our naval officers are as enterprising, skillful and courageous as they ever were, but they cannot add to the speed of the vessels they command. The fault is in the vessels, not the officers. The Secretary of the Navy may dismiss from the service in disgrace the officers in the Mobile squadron for parmitting the Oveto to escape, as he did Preble for not preventing her ntrance, but the country will know whom to ensure. It has learned to place a just value apon sentences passed by this administration on gallant and faithful officers — Chicago Times Escape of the Rebel Steamer Ovieto from

From the New York World, Jan. 98.] The following particulars of the escape of the abel steamer Ovieto from Mobile, and her subequent exploits we learn from naval officers om Key West, who arrived here on the steamer

The Oviete was discovered by one of the lockading vessels of the squadron at Mobile bay, endeavoring to pass out from that port early on the morning of the 13th. There were nine vessels of war stationed off the bar at the time the Susquehanna, Kanawba, Oneida, Cuyler, Pembins, Kennebec, and three others. make an attempt to run the blockade, and the embina was appointed to fire a signal gun, to notify the flost when she should make her sppearance. The Pembins, however, on sceinthe Ovicio at the time above stated, instead of vessel they saw wasa decoy, and not the Ovieto. as information had been received from rebel ources that a decoy vessel would be sent out from Mobile to entire the war steamers to chase ber, so as to enable the Ovieto to sail from the harbor in the meantime. The Confederate cruiser thus succeeded in getting out to sea. The Cuylar and Oneida, which are considered the fastest steamers in the squadron, chased her

for many hours, but without success. The Cuyler lost sight of her shortly after her escape though at one time she had come within a disthough at one time she had come within a dis-tance of four hundred yards of her. e enterprise, and himself command it. When General Sherman led it out from police-arrests, 173; fines and costs collected, 810 at 50. Memphis, three weeks ago, no officer need have Chy treasurer account received from July 1st to Dewished a finer command. When he started back cember 31st, 1862, \$121,367,87; in January, 1863, \$16. from that attack, which was insune in concept 02827; total, \$127,396.14; expectitures, \$129.418.77; tion, and inspired, it is affirmed, by jealousy, balance on hand, \$7,977.57. Street commissioner—ex ure demoralized, and had lost, through battle, sickness and missing, fully six thousand men. Now, a victory, although a trivial one comparauked, and, relieved from the incubus of idiocy reador:

ington, seeing the stupendous task it has got, naided, to accomplish, the West, mighty in itself, and as yet never defeated, is preparing to make one great, decisive, final struggle for victory. The young giant, hitherto unconquerable is about to throw all upon one issue, and again. outlo him of the East, who has thus far, while ndeavoring to break the rebellion's backbone, only succeeded in fracturing his own.

Invasion from Mexico:

consty. They were subsequently arrested by the Government of Tamanilpas, but escaped.

About the middle of Decounter a train of supplies for Ringgold harracks was attacked at Soledad Rancho. The party was surprised, and made next to no resistance. The party were all killed and the train robbed.

About the same time, Capt Banevides' company was attacked in Zapata county, and all their horses stampaded. Another party of two hundred captured and hung Harrey, MaEncrow and Ogden. Another party of two numerous captured and sung lider Vela, chief justice of Zapata county. Subsequently they attacked Renewides company and made a charp light, in which two man were killed, one of them being H. Relineari.

The vote was then taken on the motion of Alderman Tighe, and the same rejected by the following vote being H. Relineari. Subsequently that from these to five hundred Mari.

Crow. Nays—Drew, Morgan, Amis, Henghold, Marrill.

As a seminated that from three to five hundred Mexicans have been taken under the knowledge and probably the approval of the Mexican authorities. The summation for these raids was procured at Matameras. The banditi are still on this side the civer, and it has said some of them are under the United States flag.

Prompt measures have already been taken by Colonel
Ruchol to discover and nonlist the religious the considering matters partialning to the new engines. Mr.

Indian Difficulties Apprehended. DES MOINES, Iowa, January 30.—The Slour tent engineers and purchase ten mules for the sam City Register, of the 24th inst., says it has the which were alopted. A requirities for harness, cost as most reliable information that a general Indian to exceed twenty-five dollars each, was granted. ressels to notify them verbally. It is supposed war is in contemplation on the opening of N. S. Trice was elected sastion-house keeper. that the officers of the Pembina believed the spring. The intelligence comes directly from Several resolutions were effered, all of which we Fort Pierre and the different rendezvous on the appropriately referred. Among them was our directing Red river of the North, Platte, and upper Mist the removal of old "Pillow battery," from the corn souri. Persons connected more or less with the of Water and Jufferson streets. Indians, and whose opportunities for knowing are unquestioned, concur in the representation that preparations for a combined movement of all the principal tribes are being made on an ex- ures on this subject, but you lay the tensive scale. The Register thinks the danger the wrong door. The military authorities at miniment, and recommands that speedy and Vicksburg, and not the planters, are wholly re-
